### Overview

Nestled under the Van der Stel Pass, this hamlet is a place of beauty. The village folk are salt of the earth and can be found most days on the steps of the local hotel bar. The wines produced here are the result of pure talent and skilled craftsmanship.

### The Places & the People

Luddites gather and drink bubbles over long lunches. It's the characters here that make this journey special. Beaumont wines, Luddite, Genevieve MCC and Gabrielskloof along with Oak Valley, Paul Wallace and Almenkerk make this trip a true beauty

### The Wine & The Food

From MCC to Pinotage, Chenin Blanc and Shiraz. Big and bold, beautiful blends and elegant simplicity too. Not to be missed is lunch at Manny's, the local Portuguese diner. We take our own wine too.
